

NATIONAL ALLIANCE OF BLIND STUDENTS

"Supporting Students; Encouraging Leadership"

Are you feeling apprehensive about your transition to college? Are you seeking a healthy balance between studies and a social life? Are you trying to hire your own readers? If you answered yes to any of these questions, you have found the right place.

The National Alliance of Blind Students (NABS) is an affiliate of the American Council of the Blind (ACB). NABS works to advance equal opportunity and educational excellence for all blind and visually impaired students in the United States. We are students just like you, who are interested in becoming leaders and active participants in our communities. NABS seeks to network students to discuss issues of concern, and to promote equal access where it is lacking. We encourage blind and visually impaired students to challenge their limits and reach their full potential.

NABS strives to influence change in many vital areas including academic support and advocacy, library services, employment, and rehabilitation. You are invited to join the growing number of students who are already taking advantage of these exciting activities and programs.
